Requests for sole use of site over a weekend require minimum income for the weekend to be £500.00. Either total costs meet or exceed that limit naturally, or overall fee is raised to meet the minimum level.

Groups who have made sole use bookings may be contacted by the site on some occasions to see if a DofE party (arriving afternoon/departing morning) can be accommodated.

Leaders are responsible for the supervision and risk assessment of activities undertaken by their members whilst using the facilities at the site.
